

Join us in Hall 8 – Stand Number: 51E

The Manufacturing Technologies Association (MTA)

The MTA is the UK's trade association for companies in the manufacturing technology sector. MTA members design, manufacture and supply the advanced machinery, equipment and intellectual property that enable the creation of the products.

www.mta.org.uk

Additive Manufacturing UK (AMUK)

AMUK is the UK's trade association for organisations who work within the additive and 3D printing ecosystem from materials from materials right through to post processing of parts.

www.additivemanufacturinguk.org.uk

Engineering Industries Association (EIA)

The EIA assists UK manufacturing and engineering companies across the sector that can offer capacity in subcontract or supply chain, design, development or testing, and any products and services that can help companies within the industry.

www.eia.co.uk

MACH Exhibition 15-19 April 2024 • NEC

MACH is the ultimate showcase event for the UK's engineering-based manufacturing technologies and with the largest number of high-quality trade visitors.

www.machexhibition.com

Engineering Supply Chain Show 16-18 April 2024 • NEC

ESC is a focused event to buyers looking to source precision sub-contracting products and services from UK-based suppliers.
